

SeniorPak

Each month, many older adults in Northeast Indiana must make some tough decisions. Do they buy food or fill a prescription; pay their utilities or pay their rent; or can they continue to keep a pet for companionship?

Fortunately, SeniorPak reduces their burden. They know they can count on SeniorPak and its 20-22 pounds of groceries every other week so they do not have to choose between missing meals and missing medicine.

How you can help

SeniorPak for Huntington County was established in June 2000 in cooperation with the Community Harvest Food Bank and LOVE In The Name of Christ.

- You may sponsor a recipient for the cost of \$125 for one year. This sponsorship would provide groceries delivered every other week during the year to a qualified senior. Any dollar amount will be accepted-no amount is too small or too large.
- You can help spread the word about Senior Pak. If you know of someone who is age 60 or older, is living on a fixed or limited income, and has exhausted his or her retirement savings, have them contact LOVE In The Name of Christ at 260-356-0933.

By sharing your time and resources, you are making a huge difference in the lives of seniors in this community. To quote one SeniorPak recipient at Christmas time, "Because of SeniorPak, this was the first year I was able to buy a little bag of candy for each of my grandchildren."

Contact Dottie McCurley, Coordinator for SeniorPak Program of Huntington County for more information.
